

*Cisco Webex Hybrid services URLs

URL	Description	Used by:
*.http://docker.com (1)	Hybrid Services Containers	Video Mesh Node
*.http://docker.io (1)		Hybrid Data Security Node
*s3.amazonaws.com (1)	Log File uploads	Video Mesh Node Hybrid Data Security Node
*.cloudconnector.webex.com	User Synchronization	Hybrid Services Directory Connector

(1) We plan to phase out the use of *.docker.com and *.docker.io for Hybrid Services Containers, eventually replacing them with *.amazonaws.com.
